

Madame Chair and Committee Members:

My name is Jack Riling and I live in Southbury , CT. I am writing to you about House Bill 6645 which concerns Compassion Aid in dying for the terminally ill. My understanding is that you and your committee will be meeting to discuss and possibly vote on this bill on Wednesday, March 20th.

Due to health and age related issues (I am 92 years old), I cannot attend this meeting.

Please be advised that I fully support this bill as I worry about dying slowly and in pain. I truly wonder why anyone would not support this bill. I respectfully ask that you and your Committee members to support this bill. I truly wonder why anyone would not support this bill.

Thank you very much for your time and consideration.

Respectfully,

Jack W. Riling
